Security Deposit

Required for all rentals. Security deposit is to ensure that the equipment will be returned to Spectrumsound.com and in good condition.

Security deposit is *authorization only* and must be in the name of the person renting the equipment. The authorization freezes the amount entered on the customer's credit card and gives us the authority to charge the customer for items not returned or damaged.

Customers renting equipment are entirely responsible and liable for its value. See the back of rental agreement for terms and conditions.

Security deposit is to be put on at the time equipment is being picked up. Refer to security deposit amount sheet for correct security amount applied to each rental.

Cash equivalents are acceptable for security deposits. *Checks are not accepted for a security deposit.*

Reservation Deposit

Required to hold equipment in good faith, that the customer is coming in to pick it up. It also insures that the equipment will be held specifically for that customer. We will not get any equipment ready without a reservation deposit.

The reservation deposit is 50% or half the cost of the rental.
